

# BHAVAN'S MUNSHI VIDYASHRAM

## TRIPUNITHURA

### VACATION ASSIGNMENT

### CLASS 3

#### FROM FEATHERS TO FINDINGS – YOUR NATURE ADVENTURE

##### Birds around us – Observation Study

- Imagine you're a detective exploring your neighbourhood.
- Identify at least five different birds. Note their colour, size, food habits, and the places where you usually see them, such as trees, rooftops, or gardens.
- Write or draw about 5 amazing things you discover (e.g., a hidden garden, a funny street art, or a friendly pet).

##### To be done after the vacation-as a group activity

- Make a model of a bird's nest using materials such as dry grass, twigs, leaves, thread, or paper and paste it on a cardboard base.

##### Activity-2

##### LITTLE ACTS, BIG JOY!

- Create a “Kindness Card” for someone at home, write a few kind sentences, and describe one helpful thing you will do for them, and when you return to school, present your card to the class and share in 2–3 lines how your kind act made the person feel.
