We are aware that online classes have deprived our students of the much needed social interaction with peers & teachers. It is essential that the 2 month long summer vacation be utilised in a pro-active manner for our students without letting lethargy to creep in. In this context, weekly vacation assignments will be posted. We expect your whole hearted co-operation in ensuring the prompt completion of the assignments.

We eagerly await the resumption of classes at school, in June 2021 and look forward to schools becoming happy & happening places for our dear students after the long gap.

Yours faithfully
